

## **International Networking Week Special Event with Dr. Ivan Misner February 6, 2014**

International Networking Week® is an initiative of BNI®, which features a number of global networking events celebrating the key role that networking plays in the development and success of businesses around the world. Join us for a very special presentation from BNI Founder, Dr. Ivan Misner.

This year's topic is a brilliant concept: "Who's In Your Room?" If you are serious about developing stronger personal and professional relationships, this presentation is for **you!** The quality of your life is a direct reflection of who is in your "room." What does your room look like? Your room should be in alignment with your goals and objectives.

**Bring a guest and join us for this exciting event and learn how to be selective about who you allow in your room!**

**The presentation will be held on Thursday, February 6th  
from 12:00pm to 2:00pm.**

**BNI Headquarters  
545 College Commerce Way, Upland CA 91786**

NOTE: This event is open to BNI members and non-members. We welcome local business professionals, Chamber members, and city officials.
